

## Lap Band Reaction

### Lap Band Reaction

Since she decided to Choose Lap Band, Rebecca notes that the moms at school look at her differently now due to her weight decline.

As Rebecca puts it, she now has more self-confidence since the lap band procedure and she also watches what she eats these days.

Noting that mothers at school like at her differently now because of her weight loss, Rebecca says she feels better about herself and she makes sure to watch what she eats. As Rebecca sees it, is her responsibility to take care of herself. She adds that since the lap band surgery, she now feels as if she is burning twice the fat. Even her kids notice a difference in her these days.

Rebecca is glad that she decided to Choose Lap Band, noting that the weight loss procedure has made a difference in her life.

Rebecca sums things up in one easy response, noting anyone who is interested in lap band should just make the appointment.

For Rebecca, her decision to Choose Lap Band is one that she now looks back on as one of the best decisions of her life.
